

PHYS 420 Mentor/Advisor Selection Form
Research Seminar – Fall 2020

In order to ensure that you are on schedule in developing a PHYS 420/499 project idea, you are asked to complete this form by the start of class on 10/1/20.

Student Name:

Proposed Mentor/Advisor Name:

Proposed (Basic and Tentative) Project Idea: (You need not give a complete description here – we'll do that soon enough. Just write a few words or a sentence so that we know you have a general idea of where you're headed with this project.)

Planned 420/499 enrollment semester(s):

Student Signature: By signing, you acknowledge that you have talked about this basic plan/idea with your suggested mentor/advisor.

Mentor Signature: Please sign to indicate you've talked to the student above about a possible PHYS 420/499 proposal and are willing to progress under the working premise that this student will work with you on a project during the semester(s) noted above.
