

First Five Minute Talk – Topic List (2016)

Two quantum properties teleported together for the first time.

<http://tinyurl.com/n54gyx5>

Cyclotron Radiation from a single electron is measured for the first time.

<http://tinyurl.com/osr3act>

Weyl fermions are spotted at long last.

<http://tinyurl.com/nsqh46p>

Physicists claim “loophole-free” Bell-violation experiment.

<http://tinyurl.com/hbxwctx>

First visible light detected directly from an exoplanet

<http://tinyurl.com/o29d2ry>

LHCb claims discovery of two pentaquarks

<http://tinyurl.com/gohvzk7>

Hydrogen Sulphide is warmest ever superconductor at 203K

<http://tinyurl.com/oazxhxc>

Portable “Battlefield MRI” comes out of the lab.

<http://tinyurl.com/o76et3z>

Fermionic Microscope sees first light

<http://tinyurl.com/o4hy24h>

Silicon quantum logic gate is a first
